About the Cube 65

Show the textile prints from all sides with a Cube 65. The profile is lightweight, making it easy to transport. Create an eye-catcher and suspend the Cube 65 from the ceiling or use it as a freestanding frame.

The advantages

- ✓ Lightweight cube
- ✓ Visible from all sides
- ✓ Suitable for smaller formats
- ✓ Easy assembly

Mounting

Freestanding

Freestanding frame with a textile on both sides.

Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

Correcting the fabric

Fabric outside

A correction of +8 mm on the width and +8 mm on the height of the fabric.

Stabilizers

Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.
