- Any colour possible

Specifications

- ↔ 49 mm
- 📦 1.171 kilos/meter
- ↗ 6150 mm
- 💡 Unlit

About the Double 49

This sturdy double-sided textile frame is the only profile [a1] with an additional groove for adding a blockout fabric to prevent light shining through on either side. This way, the interchangeable textile prints can be printed on inexpensive silicone edge graphics, for example Deko fabric, while the more expensive blockout fabric only needs to be purchased once. The frame can be used both free-standing and suspended.

The advantages

- ✓ Extra groove for blockout fabric
- ✓ Suitable for large formats
- ✓ Ideal for shop windows
- ✓ Combine open and closed together

Double 49 Double-sided textile frame

Mounting

Freestanding

Freestanding frame with a textile on both sides.

Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

Finish

Open

The outer groove facilitates the usage of accessories.

Closed

An even finish. If desired, holes can be drilled in the profile so that accessories can be attached.

Stabilizers

Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.
